RFQ Due Date: 11/13/2025 @ 02:00 pm

Please note there can be issues with carriers delivering the responses late, even with guaranteed deliveries. We encourage you to send responses ahead of the deadline.

Section 1 – Invitation to Bidders

Sealed bids will be received by BrightRidge until due date and time, then bids will be opened and publicly read. Bidders may participate in the public bid reading by contacting BrightRidge Purchasing at least two hours prior the bid opening time stated on the specific bid. Bidders making this request will receive a conference call number and a participant code. BrightRidge Purchasing contact information: purchasing@brightridge.com or call 423-952-5161.

All bids must be delivered at the vendor's sole risk as shown in this request for quotation as per Section 2 Instructions to Bidders. BrightRidge is not obligated to accept quotations received after the date and time stated.

Exceptions, if any, will be considered in the quotation evaluation in determining the successful vendor. Vendor must provide supporting documentation with its quotation for any exceptions.

BrightRidge reserves the right to reject any or all quotations, to reject any bid that contains prices for individual items or services that are inconsistent or unrealistic when compared to other prices in the same or other bids, to waive any and all informalities and/or irregularities in the quotation, to negotiate and/or renegotiate with any vendor the terms of its quotation, and to accept any quotation which in its opinion may be in the best interest of BrightRidge. This Request does not commit BrightRidge to pay any costs incurred in the preparation of a proposal or to procure or to contract for service. BrightRidge reserves the sole discretion to withdraw this Request in its entirety at any time without prior notice.

Information provided in this Request is intended solely to assist the respondent in preparing a Quotation. To the best of BrightRidge's knowledge, the information provided is accurate, however, there is no warranty expressed or implied.

Quotations may be held by BrightRidge for a period not to exceed sixty (60) days from the due date of the quotations for the purpose of evaluating the quotations or investigating the qualifications of the vendors, prior to awarding of the order. All quotations shall remain effective for at least sixty (60) days after the due date.

Each vendor's quotation shall constitute an offer to sell the goods or services sought by this Request for Quotation. The award shall be made by execution of a contract mutually agreed upon by both parties.

BrightRidge is a trade name of the Johnson City Energy Authority.

Section 3 – Quotation Information

The successful contractor agrees to indemnify, investigate, protect, defend, and save harmless BrightRidge, its officials, officers, agents, and employees from any and all third-party claims and losses accruing or resulting from bodily injury or damage to property caused by the successful contractor in performance of this contract.

The successful contractor also agrees to indemnify, investigate, protect, defend, and save harmless BrightRidge, its officials, officers, agents, and employees from any and all third-party claims and losses accruing or resulting from bodily injury or damage to property caused by the successful contractor's sub-contractors, suppliers, laborers, and any other person, firm, or corporation furnishing or supplying work, services, materials, or supplies to the successful contractor in connection with the performance of this contract.

If the successful contractor supplies products it manufactures (in whole or in part), the successful contractor agrees to indemnify BrightRidge, its officials, officers, agents, and employees from any and all third-party claims and losses accruing or resulting from bodily injury or damage to property caused by the failure of such products.

If the successful contractor only supplies products manufactured by others, the successful contractor is not obligated to indemnify BrightRidge for a failure of any such products manufactured by others. If the successful contractor only supplies products manufactured by others, the successful contractor agrees to cooperate with BrightRidge and take all reasonable steps to assist BrightRidge in making claims against any such product's manufacturer for any such product's failure.

In any case, the foregoing provisions concerning indemnification shall not be construed to indemnify BrightRidge from damage arising out of bodily injury to persons or damage to property caused by or resulting from the sole negligence of BrightRidge or its employees. This indemnification shall survive the expiration or early termination of this contract.

The undersigned acknowledges: That he/she is an authorized agent of the vendor submitting this quotation. The receipt of the following addenda (if any). The provision of the indemnification agreement.

BrightRidge Transformer Evaluation Criteria

This formula represents the method that will be used to evaluate transformers and considers the time value of money at 5% for 30 years. The evaluation will be completed by Sam Ford, Chief Engineering and Systems Design Officer.

$$\text{TOC} = (4.322 * \text{TBP}) + 66.439 * [(0.56 * \text{NL}) + (0.11 * \text{LL})]$$

TOC = Total Operating Cost per Unit (in dollars)

TBP = Transformer Bid Price per unit (in dollars)

NL = No Load Losses (in watts)

LL = Load Losses (in watts)

Information on Load and No-Load Losses must be included in with bid or it will be disqualified.

While pricing and meeting technical specifications are a primary determining factor, quoted delivery times must be a key consideration. If your quoted delivery time is in excess of XX weeks, we may choose another vendor who can deliver more timely, even if their price is higher.

Single-Phase Pad-mount Transformer Bid Specifications

Transformers will be primary voltage 7200/12470Y, Secondary voltage: 120/240 volt, 2-200 Amp universal type bushing wells externally clamped and replaceable-loop feed, 1 primary draw out bay-o-net type fuse to provide full range of protection, NEMA standard 4 hole in line secondary spades, pressure relief device, compartment door secured by penta-head bolt and a padlock device, the words **NO PCBs <2PPM** on the nameplate, mineral oil insulated, and transformer painted olive green. The total weight and gallons of oil must be on the nameplate. **The transformer must contain one bayonet fuse.**

All transformers in this bid shall be manufactured and tested according to the latest ANSI Standards, NEMA Standards, DOE, IEEE Standards, and Distribution transformer efficiency standards (Note: See Attached Efficiency ratings).

All transformers being quoted should not exceed the maximum allowable dimensions in the chart below. Transformer impedance shall be quoted. **Transformers shall not be shipped stacked.**

MAXIMUM ALLOWABLE SIZE

KVA	TANK WIDTH	TANK DEPTH	OVERALL HEIGHT
25	34"	34"	24"
50	34"	36"	24"
75	34"	40"	24"
100	36"	40"	28"
167	36"	42"	34"
250	36"	52"	34"

All losses will be considered on a **per transformer and per loss basis, not as an average.**

A certified test report must accompany the invoice. No invoice will be released for payment before the certified test report is received for that transformer.

Transformers whose certified losses exceed the maximum allowable losses by more than 6% will not be accepted BrightRidge. Transformers which exceed the maximum allowable losses by more than 6% will be stored by BrightRidge, and the vendor or manufacturer will be notified to pick up said transformers. Transformers not picked up within 90 days of the date of notification will become the property of BrightRidge.

If the factory and or vendor so desires, these transformers whose certified losses exceed the maximum allowable losses by 6% or less will be purchased by BrightRidge, but the bid price (purchase price) will be reduced by \$7.00/watt for the number of watts the transformer exceeds the maximum allowable losses. Example: Transformer exceeds the maximum allowable losses by 10 watts. $\$7.00 \times 10 = \70.00 off bid price. Should the vendor or manufacturer not wish to sell, these transformers will be stored by BrightRidge, and the vendor or manufacturer will be notified to pick up said transformers. Transformers not picked up within 90 days of the date of notification will become the property of BrightRidge.

BrightRidge reserves the right to reject any and all bids. BrightRidge reserves the right to accept a bid if determined that it is the best bid regardless of price. Lead times are also a contributing factor in the decision process.

IMPORTANT

1. Bidders and their transformer manufacturers must be established in the US as an active business entity for 5 years or longer.
2. The country of transformer manufacture and a copy of the manufacturer's warranty must be included with the bid.
3. A physical address of the warranty repair facility must be included in the bid and must have an address in the United States.
4. Three phase pads are to be delivered on flatbed trailers not to exceed 4 feet in height.
5. Provide a list of references of electric utilities that have purchased transformers. Failure to do any of the above will exclude the bid from being considered.
6. Delivery notices must be made a minimum of 48 hours prior. Call 423-952-5069.

Three-phase Pad-Mount Transformer Bid Specifications

Transformers primary voltage: 13200 Delta

- Secondary voltage: **120/208Y or 277/480Y volt as specified in the bid. Wye hook-up.**
- Pad-mounted transformer shall comply with all applicable ANSI standards. Medium voltage rating of cable terminations shall be 15 kV between phases for 133 percent insulation level.
- Taps shall be 4-2 ½ percent below primary rated voltage. Operating handles for primary tap changers for de-energized operation shall be located within high-voltage compartments, externally to transformer tank. Adjacent to the tap changer operating handle, a nameplate or equivalent stenciled inscription shall be provided and inscribed "DO NOT OPERATE WHILE ENERGIZED".
- Secondary terminals to be NEMA 6-hole spade externally clamped and replaceable for 750 kVA and below and NEMA 8-hole spades for 1000 kVA transformers and above.
- Accessibility to internal portions of all bushings shall be provided either by appropriately located handhold on the cover, or the cover shall be bolted on and removable.
- Provide pressure relief device.
- Provide oil drain valve and plug with sampling device in the primary compartment.
- Six 200 Amp universal type bushing wells (2 per phase) externally clamped and replaceable.
- Stainless steel pins and hinges shall be provided. Barriers shall be provided between high- and low- voltage compartments. High-voltage compartment doors shall be interlocked with low-voltage compartment door to prevent access to any high-voltage section unless its associated low-voltage section door has been opened. Compartments shall be sized as specified in the attached drawing. Penta-head locking bolts shall be provided with provisions for a padlock.
- Primary and secondary cable compartments shall be a minimum of 24" deep.
- Secondary bushings are to be reinforced with external bushing supports.
- **See attached drawing for required dimensions and location of bushings and spades.**
- The words **NO PCBs <2PPM** on manufacturer's nameplate
- Mineral oil insulated
- Transformer painted olive green.
- The total weight and gallons of oil must be on the nameplate.
- **Transformers are not to contain fuses unless specified in the bid.**
- **The four lifting hooks on 750 KVA, 1000 KVA, 1500 KVA, 2500 KVA, and 3000 KVA units shall be made of 1-inch-thick plate steel.**

All transformers in this bid shall be manufactured and tested according to the latest ANSI Standards, NEMA Standards, DOE, IEEE Standards, and Distribution transformer efficiency standards (Note: See Attached Efficiency ratings). All losses will be considered on a per transformer and per loss basis, not as an average.

A certified test report must accompany the invoice. No invoice will be released for payment before the certified test report is received for that transformer.

Transformers whose certified losses exceed the maximum allowable losses by more than 6% will not be accepted BrightRidge. Transformers which exceed the maximum allowable losses by more than 6% will be stored by BrightRidge, and the vendor or manufacturer will be notified to pick up said transformers. Transformers not picked up within 90 days of the date of notification will become the property of BrightRidge.
